DESCRIZIONE

The boat is 13 meters long and can house small groups up to 10 people for the daily rental and 4 guests for overnight stay for cruises of at least 2 days. The two cabins are equipped with large double beds and bathrooms with showers to offer great comfort, while a third cabin with private WC for the skipper ensures utmost privacy. The craft is outfitted so as to represent the ideal solution for people who like to enjoy the sea in all comfort. The cockpit, shaded by the hood, is furnished with a horse-shoe sofa and a table that enables to eat comfortably outside in close contact with the surrounding environment. With great simplicity the table lowers creating, if necessary, a pleasant and protected relaxation zone. The wide sunbathing area in the bow instead allows you to enjoy the sun and the air without any barrier.
